

To our Valued HTM Credit Union Debit Card Users,

Due to the universal magnitude of debit card fraud at financial institutions, the HTM Credit Union is trying to be proactive in instituting safety measures to protect your account.

Please know that it is not our intent to limit the use of your card or access to your funds but simply to minimize the losses suffered by the HTM CU.

We encourage you to use your PIN # on all in person transactions especially those of \$100.00 or more. When making online purchases, it is safer to use the HTM CU routing # 211383341 and your checking account #. Most transactions require a 9 digit account number so you'll add the appropriate number of zeros before your account number.

When traveling please call the HTM CU to add a travel notification for the days you will be away. We encourage you to use your HTM VISA credit card rather than a debit card for ease in making purchases and accessing cash while away.

Working together we can try to minimize the fraud through safe purchasing practices. If you have questions or concerns, please call us at 978-374-7386.

We appreciate your understanding and cooperation.

HTM CU Staff
